

HELP US MAINTAIN A PLACE OF REFLECTION AND HONOR

FRANKFORT FIREFIGHTER'S MEMORIAL PARK

The Frankfort Fire Protection District Foundation is offering commemorative bricks to help support the continued development of a special memorial park. Situated just east of the Pfaff Volunteer Fire Museum at 333 W. Nebraska in Frankfort, IL, the park serves as a tribute to our military, firefighters, police officers, and the lives lost on September 11th, 2001. Featuring an authentic piece of the World Trade Center, the park will offer a quiet space for remembrance, reflection, and honor. We invite you to be part of this meaningful project by purchasing a brick or making a donation.
